BRILLIANCE**

ABOUT US .

Bloom Consulting Group (BCG) Ltd, operating through its specialized technical is a regional multidisciplinary consulting firm delivering comprehensive engineering, infrastructure, and road safety solutions across the Horn of Africa.

Established in 2010, BCG has grown into a trusted partner for governments, development agencies, NGOs, and private- sector clients. We provide expertise in infrastructure development, transport and highway engineering, municipal services, commercial and institutional buildings, industrial facilities, rural development, and road safety management.

Our team consists of experienced engineers, planners, designers, and safety specialists with strong backgrounds in transport engineering, municipal infrastructure, building design, industrial systems, water and sanitation, and road safety frameworks. This diverse capacity enables us to deliver integrated, resilient, and cost-effective solutions tailored to the needs of each client.

Our Client

Reviewers

“Bloom Consulting Group (BCG) exceeded our expectations. They came on very short notice to assess our needs and provide a clear, professional estimate. Their pricing was fair, the timeline was realistic, and they delivered everything as promised—actually completing the work ahead of schedule. It’s rare to find a consulting firm that goes the extra mile to ensure client satisfaction, and BCG truly does.”

“Bloom Consulting Group (BCG) did an excellent job on our project—it completely transformed the way we approach our operations. The team was professional, knowledgeable, and attentive throughout the process. We highly recommend BCG to anyone looking for reliable and resultsdriven consulting services.”

“I would highly recommend Bloom Consulting Group (BCG). They were quick to respond, provided a thorough and fair assessment, and guided us with clear, practical recommendations. The team worked efficiently and professionally, and we look forward to working with them again for future consulting and advisory needs.”

“I would highly recommend Bloom Consulting Group (BCG). They were quick to respond, provided a thorough and fair assessment, and guided us with clear, practical recommendations. The team worked efficiently and professionally, and we look forward to working with them again for future consulting and advisory needs.”

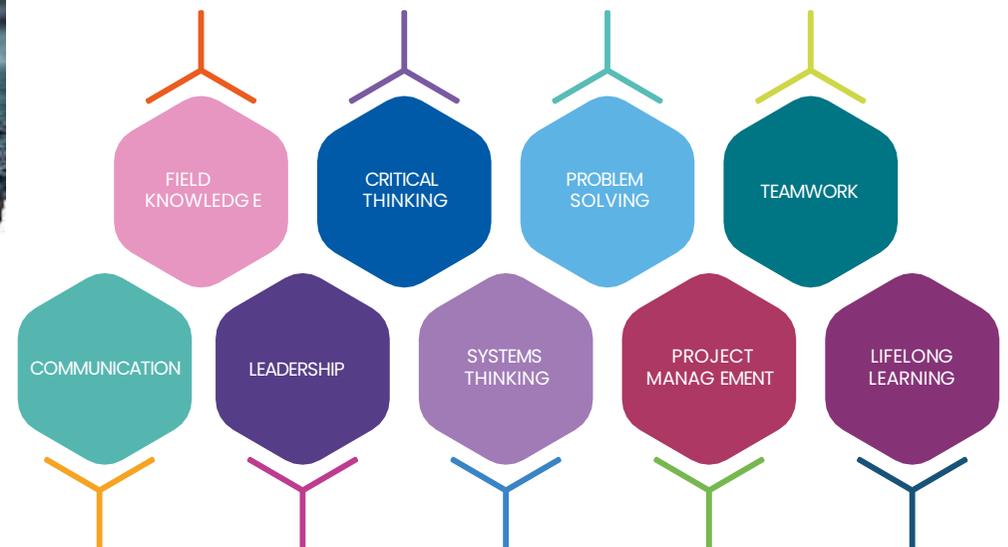

“Bloom Consulting Group (BCG) demonstrated exceptional professionalism and technical expertise throughout our engagement. Their analysis was thorough, their recommendations were practical, and their team communicated clearly at every stage. We consider BCG a trusted partner.”

“Working with Bloom Consulting Group (BCG) was a great experience. The team showed strong understanding of our sector and delivered actionable insights that helped us improve performance and decision-making. Their commitment to quality and deadlines is impressive.”

QUALITY POLICY STATEMENT

Bloom is committed to providing best-in-class consultancy services in the field of Road Safety Audits, Road Safety Sensitization and Awareness Campaigns, Engineering Studies, Transport Planning, and Environmental and Social Advisory, together with Project Management, within the East Africa and Horn of Africa region. Our approach is in line with our Strategic Direction and ensures that our corporate objectives remain central to all operations.

Missing Health, Safety & Environment (HSE) Policy

We, at BCG, recognize that high standards of health, safety and environmental protection are integral for the growth of the organization and its people. We are committed to providing a safe and healthy workplace for all employees, and preventing any untoward incidents, accidents, injury and/or ill health of any employees, contractors, and other relevant stakeholders. We also aim to take adequate measures to protect the environment and prevent environmental pollution. The company's senior management recognizes the importance of HSE to achieve and sustain excellence in our businesses, therefore, with the cooperation of all employees, we endeavor to continually improve our work.

Corporate Social Responsibility (CSR)

As a BCG, we are committed to making a positive impact on society and the environment, not just through our construction projects but as a core aspect of our corporate identity. This Corporate Social Responsibility Policy outlines our dedication to responsible business practices, sustainability, community engagement, and ethical conduct.

Our Commitment Community Engagement: We will actively engage with the communities in which we operate, understanding and addressing their needs, supporting local initiatives, and creating lasting, positive relationships.

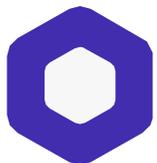

Ethical Business Conduct: We will conduct all our operations with the utmost integrity, adhering to ethical standards, promoting fair labor practices, responsible sourcing, and transparent supply chains.

Sustainability: We will strive for environmentally responsible construction practices, minimizing our carbon footprint, conserving resources, and promoting sustainable building methods and materials.

Social Inclusion: We are dedicated to providing equal opportunities for all individuals, fostering diversity and inclusion within our workforce, and supporting underrepresented groups.

Health and Well-being: We will prioritize the health and well-being of our employees, promoting positive mental and physical health and wellbeing and ensuring safe working conditions and access to healthcare services to all.

Positive Impact: We will encourage our teams to actively seek ways to add value to the communities in which we operate using their skills, time and expertise, through, volunteering, sponsorships, attendance to community events and partnerships with organizations to support local projects.
